

## **CITY OF WASHINGTON, ILLINOIS**

### **City Council Agenda Communication**

**Meeting Date:** December 18, 2020

**Prepared By:** Washington Liquor Commission

**Agenda Item:** Resolution to Provide Relief to On-Premise Liquor Licensees for Continued Operation

**Explanation:** The COVID-19 pandemic and related mitigation measures have affected all segments of the economy. Businesses that provide a social outlet, including businesses licensed to sell alcoholic beverages for on premise consumption, are particularly hard hit. These businesses contribute to the fabric of the City by providing opportunities for in-person social interaction that the community has substituted, but cannot replace. These businesses are uniquely situated, both making a high-level contribution to community and subject to a high level of regulation and licensure designed to ensure responsible operation. These businesses operate now in a tenuous environment. The City would do well to promote their survival as operating entities ready to serve the public the moment pandemic mitigation measures and public support allow. An expression of support for that opportunity for in-person socialization is to reduce license fees for continuing businesses by authorizing a credit equal to liquor license fees paid this fiscal year, applicable when those businesses renew those licenses. With this expression, the City provides support that is at once intangible encouragement and predictable, tangible relief.

Affected liquor license classes are A-1 & A-2 (full bar), D (beer, wine, mixed drinks), E (clubs), G (banquet facility), J (restaurant), K (beer garden), N (Community Center), PA (BYOB), or W (winery, brewery, distiller).

**Fiscal Impact:** Affected fees to as of December 1, 2020, are approximately \$20,000.
