We prefer an ACH (Automated Clearing House) network bank transfer to our Wells Fargo bank account. Or issue your purchase order and deposit check to: ErgonomicHome.com, Inc. Details are below. An ACH transfer is an electronic transfer of funds from one bank account to another over the ACH (Automated Clearing House) network. In 2022, the ACH network moved more than \$72 trillion in the USA. Everything from social security benefits to paychecks. ACH transfers have become one of the most reliable ways to move money. Why? It is due to the safety and security of ACH transfers. We never see your banking information as it is handled by the ACH network. Once your order is entered, we will invoice you for the deposit. Then fill out the form. That is, it. Once the deposit is received in our account at Wells Fargo Bank, they notify us. Then, the balance is due net 15 days after order shipment, stated on your purchase order. By placing an order, you agree to these terms. Once an order is entered it cannot be cancelled. The estimated lead time is 11-12 weeks, excluding transit time, after we receive your purchase order receipt of the 40% deposit. You can use this estimate as your purchase order by signing, dating, and sending it back to tom@ergonomichome.com. Credibility: We have been in the furniture business for over 46 years, since 1976. And on the Internet since 1997. Dun @ Bradstreet rates us as excellent business credit. We have a personal Wells Fargo and Experian FICO credit rating of 830 out of a possible score of 850. The point is we are honest and do what we say. Sales tax, if applicable it will be charged at your state's rate for office furniture.
