

**CITY OF WASHINGTON, ILLINOIS**  
**Committee of the Whole Agenda Communication**

**Meeting Date:** 8-12-2024

**Prepared By:** Dennis Carr – City Engineer

**Agenda Item:** Nofsinger Rd./Dallas Rd. Naming Recommendation

**Discussion:** The Nofsinger realignment project is progressing nicely. A neighbor north of the bypass called with concerns regarding their address, bus pickup and driveway location. This discussion ultimately spurred another discussion internally regarding the section of the new roadway between Cruger Road and US 24. With existing Nofsinger remaining from Cruger to just south of US 24, the newly constructed roadway would cause some confusion if it were to be named Nofsinger as well.

Staff consulted with IDOT, the postmaster, and the 911 addressing liaison. Staff reached out to the postmaster, who felt that the road should be Dallas Road from Cruger to US 24 and then remain Nofsinger on the north side of the Bypass. IDOT had no opinion on the matter. The 911 addressing liaison strongly suggested that the new roadway construction should be named Dallas Road as well between Cruger Road and US 24.

**Fiscal Impact:** There is no fiscal impact.

**Action Requested:** Staff recommends that the section of new roadway between Cruger and US 24 be named Dallas Road.
