ARTICLE 1 PREAMBLE

This agreement is entered into by and between the City of Washington, an Illinois municipal corporation (herein referred to as "CITY" or the "EMPLOYER") and the Policemen's Benevolent Labor Committee (PBLC), representing City of Washington, Illinois Police Officers (herein referred to as the "Union").

The purpose of this Agreement is to provide for an orderly collective bargaining relationship between the Employer and the Union representing the employees in the bargaining unit, to encourage and improve efficiency and productivity, and to prevent interruption of work and interference with the operations of the City. It is the intent of both the Employer and the Union to establish an entire Agreement covering rates of pay, hours of work, and other terms and conditions of employment for bargaining unit employees for the term of this Agreement, and to create a peaceful procedure for the resolution of differences.

In consideration of the mutual promises, covenants and agreements contained herein, the parties hereto, by their duly authorized representatives and/or agents, do mutually covenant and agree as follows:

ARTICLE 2 RECOGNITION

The City recognizes the Union as the exclusive bargaining representative for all sworn peace officers employed by the City of Washington with the rank of patrol officer.

The following positions are hereby specifically excluded from the bargaining unit: Chief of Police, Deputy Chief of Police, Part-Time Officers, Sergeants, all non-sworn employees and confidential, supervisory and managerial employees excluded by the Illinois Public Labor Relations Act (the "Act").

The Union in recognition of its responsibility as bargaining agent, agrees to represent all covered employees fairly, regardless of whether they are members of the Union.

ARTICLE 3 DUES DEDUCTION

While this Agreement is in effect, the City will deduct from each Union member's first paycheck of each month a sum of money for Union dues for each Employee in the bargaining unit who has filed with the City a voluntary checkoff authorization in a form supplied by the Union.

A Union member desiring to revoke the dues checkoff authorization may do so by giving written notice at least thirty (30) days prior to the effective date of the change to the City and to the Union.

If an employee has no compensation due for a given period, the City shall not be responsible for collection of said dues. The Union agrees to refund the employee any amounts of money paid in error by the City under this dues checkoff provision. The Union may change the dollar amount of dues not more than once each year during the life of this Agreement. The Union will give the City ninety (90) days written notice of any such change in the amount of dues to be deducted.

The Union shall indemnify, defend and save the City harmless against any and all claims, demands, suits or other forms of liability (monetary or otherwise) and for all costs that shall arise out of or by reason of action taken or not taken by the City in complying with the provisions herein. If an improper deduction is made, the Union shall refund directly to the employee any such amount and report same to the City in writing five (5) days prior to the issuance of the next payroll check. The employer shall provide a list of all employees covered by this Agreement along with the remittance of Union Dues and fair share withholdings once each month to the Policemen's Benevolent Labor Committee, 840 S. Spring, 1st Floor, Springfield, IL 62704.

ARTICLE 4 MANAGEMENT RIGHTS

The rights, powers, authorities and prerogatives, whether heretofore exercised or unexercised, and whether implied or expressed, shall be retained and reserved to the City except for those rights, powers, authorities and prerogatives which are expressly relinquished by the provisions of this Agreement. For purposes of illustration only, the enumeration of which shall not be construed to limit the immediately preceding language in any way, the right of the City to operate and manage its police and security forces, including, but not limited to, the rights to require efficient standards of performance; to maintain discipline, order and efficiency; to determine standards, procedures, and methods; to direct the force and determine assignments; to schedule work; to determine the quantity and types of equipment to be used; to abolish or create job classifications; to introduce new methods and facilities; to determine efficient staffing requirements; to determine the number and location of facilities; to determine whether the whole or any part of the operation shall continue to operate; to subcontract; to select and hire employees; to determine classifications for positions; to promote, demote, suspend, warn or otherwise discipline or discharge employees; to lay off employees; to recall employees; to determine that employees shall or shall not perform certain functions; to require overtime work; and to promulgate reasonable rules and regulations shall remain within the City's sole and exclusive discretion and control, except only as abridged or eliminated by the express provisions of this Agreement.

ARTICLE 5 CONTINUITY OF SERVICES

The City of Washington covenants and agrees that during the term of this Agreement and/or any extensions thereof there shall be no lockout.

The Union and the employees represented by it, and each of them, covenant and agree that during the term of this Agreement and/or any extensions thereof, there shall be no strike, work stoppage, boycott, picketing or honoring of same. "sick-in", "blue-flu", sympathy strike, slowdown, speed up or other similar activity, nor shall there be any aiding, encouraging, or condoning of same. Any officer who violates the provisions of this Continuity of Services obligation shall be subject to discipline which may include discharge, and the sole issue that may be raised in any proceeding where such discipline or discharge is challenged shall be a factual one, namely whether or not the person engaged in the prohibited conduct. This provision shall not be interpreted as prohibiting an employee from supporting some other bargaining unit and its members engaged in a labor dispute, provided such support does not in any way interfere with the employee's performance of duties.

ARTICLE 6 GRIEVANCE AND ARBITRATION

A grievance is defined as a dispute or complaint by an employee claiming that an express written provision of this Agreement has been violated, misinterpreted or misapplied, including matters of discipline, with the following exceptions:

- (1) any dispute or complaint concerning oral or written reprimands may not be grieved: written reprimands issued by the City shall not be considered for purposes of progressive discipline if no further discipline is issued to the officer after a period of two (2) years from the date of issuance. However, such disciplines will remain in the employee's personnel file."
- (2) disciplinary matters which involve discharge or suspensions without pay in excess of five (5) days may not be grieved and shall be subject to the exclusive jurisdiction of the Washington Police Commission; and
- (3) specific provisions hereof, if any, which expressly preclude resorting to the grievance procedure may not be grieved.

Probationary employees may not grieve any matter of discipline or discharge.

- First Step: The Union shall present, in writing, in duplicate the grievance to the grievant's immediate supervisor (Sergeant) or his or her designee, who shall in turn give written response within ten (10) calendar days.
- Second Step: If the grievance cannot be resolved at the first step, the Union shall have the option of requesting in writing that the grievance be advanced to the level of the Chief of Police or his or her designee within ten (10) calendar days after receiving the denial at Step 1. The Chief of Police or his designee shall hear the grievance within twenty (20) calendar days from receipt of the written request and shall give a written response on the grievance and communicate it to the Union within ten (10) calendar days after the hearing.
- Third Step: If the grievance cannot be resolved at the second step, the Union, upon written notice within ten (10) calendar days after the deadline for the written response of the Chief of Police, shall have the option of referring the grievance to arbitration. Unless the parties agree to the selection of an arbitrator within ten (10) calendar days of such written notice, the Federal Mediation and Conciliation Service will be requested to provide a panel of seven arbitrators. The parties will determine by coin toss which shall have a right to strike the first name. Thereafter, the other party shall strike one of the remaining names and thereafter each of the two parties will alternately strike one name at a time from the panel until only one shall remain. The remaining name shall be the arbitrator. The decision of the arbitrator will be final and binding on the parties. No more than one grievance can be submitted to the same arbitrator, except by the mutual agreement of the Union and the City.

The arbitrator's fees and expenses and the costs of transcripts and room rental shall be borne equally by the parties. Neither the grievant(s) nor the Union representative will be paid for

any time associated with the grievance and arbitration procedures unless mandated by law. In an arbitration, each party will be responsible for compensating its own representatives and witnesses.

In matters other than discipline, if the position of the City can be reasonably interpreted as not being a violation, misinterpretation or misapplication of any term or terms of this written Agreement, the grievance shall be denied. Only if a reasonable basis for the City's position cannot be found shall the grievance be sustained.

No grievance shall be considered unless written and filed within ten (10) calendar days after the affected employee or anyone of the group of affected employees had knowledge of the existence of the facts underlying said grievance. The written grievance shall be dated and signed by the employee or employees, and the Union Representative. The written grievance shall contain a brief description of the grievance, the provision(s) of this Agreement allegedly violated, and the remedy sought.

The failure of a grievant or the Union to act on any grievance within the prescribed time limits will act as a bar to any further appeal, and the grievance shall be considered to be settled on the basis of the City's last answer. The failure of the City to give an answer within the time limits shall be considered a denial and permit the grievant to proceed to the next step. The time limits may be extended by mutual agreement in writing.

The arbitrator shall have no right to amend, modify, nullify, ignore, add to or subtract from the provisions of this Agreement.

The City and the Union shall have the right to request the arbitrator to require the presence of witnesses or documents. The City and the Union retain the right to employ legal counsel.

Nothing in this Agreement prevents an employee from presenting a concern to the City and having this concern discussed and settled without the necessity of entering into the grievance procedure.

ARTICLE 7 ACCESS TO RECORDS

The Union or a duly designated representative shall have the right, upon reasonable request to the Chief of Police or his designee, to examine time sheets and other records concerning the compensation of any employee, whose pay is in dispute at any reasonable times and with the affected employee's written consent.

The Employer and the Union agree to abide by the procedure set forth in the Illinois Personnel Record Review Act (currently 820 ILCS 40/0.01 et. seq.), as amended from time to time.

ARTICLE 8 DISCIPLINE AND DISCHARGE

Section 1. Cause

Probationary employees shall be considered at will and not subject to the just cause standard for discipline.

The City agrees that any disciplinary action taken as to non-probationary employees shall be for just cause.

The City further agrees that disciplinary action shall be taken in such a manner so as to not embarrass an employee in the presence of co-workers or others, if circumstances permit.

The City will make its best efforts to impose discipline as promptly as possible to assure that disciplinary action is not unreasonably delayed.

Section 2. Written Notice

The Officer shall be notified in writing of disciplinary action imposed (other than oral reprimands), be advised of the specific nature of the offense and be given direction as to future behavior.

Section 3. Disciplinary Action Subject to the Grievance Procedure

Disciplinary action by the Employer for suspensions without pay for five days or less shall be subject to the provisions of Article 6, entitled "Grievance Procedure". The provisions of the Rules and Regulations of the Washington Police Commission shall control all discipline and discharge matters which involve discharges or suspensions without pay in excess of five (5) days. An Officer whose case is before said Commission may, upon request, be represented by a Union Representative or an attorney, or both.

ARTICLE 9 BILL OF RIGHTS

The Employer and the Union agree to abide by the procedures set forth in the Peace Officers Bill of Rights (currently 50 ILCS 725/1 et seq.) as same may be amended from time to time, except that the chemical test requirements of Section 2564 shall be inapplicable.

Double taping with a tape made available to the officer upon request shall constitute full compliance with Section 2560 (Record of Interrogation Transcript). If the tape is requested by the officer at any time, said request shall be immediately granted upon completion of interrogation.

Nothing in this section is intended or should be construed to waive an Employee's right to union representation during questioning that the employee reasonably believes may lead to discipline.

ARTICLE 10 SENIORITY

The City shall prepare a list setting forth the seniority dates for all officers covered by this Agreement each January 1st. Said list shall finally resolve all questions of seniority. Rank on the Final Eligibility Register shall be the determining factor in the event of a conflict between officers hired on the same day. Disputes as to seniority listing shall be subject to the grievance procedure only if the employee affected is listed for the first time or if the seniority date of the employee affected is different from that in the prior year's listing. A copy of the Seniority List shall be supplied to the Union.

ARTICLE 11 SHIFT BID

Patrol shifts and days off shall be generally assigned by allowing officers to bid according to seniority. Probationary employees, detectives, School Resource Officers, and Community Resource/Dare Officers and any other position(s) required to work a specific shift shall not be subject to the bidding procedure.

A shift bid shall occur during the month of November of each year with the bid results to be in effect the first Thursday in January. A shift bid shall occur during the month of May of each year with the bid results to be in effect the first Thursday in July. While the department shall generally follow the shift bid procedure, nothing herein shall preclude the Chief of Police from temporarily transferring or reassigning personnel to another shift consistent with the operational needs of the department for a period not to exceed thirty (30) consecutive days. It is understood that no single officer shall be transferred more than once in any calendar year without documented operational need.

In the event the Chief of Police determines that a permanent transfer from one shift to another is necessary for the operational needs of the department, the affected officer(s) shall be notified in writing no less than seven (7) working days in advance of the proposed transfer. For purposes of this Article, "permanent transfer" is defined to include any shift transfer intended to last for the duration of the bidded shift year.

The Department shall select individuals for changed schedules in the following manner: After determining the shift schedule(s) from which to select an officer whose schedule is to be changed, the Department will first offer the changed schedule to volunteers in seniority order from the affected schedule. If there are no volunteers or an insufficient number of volunteers, the Department may then assign an officer from an affected shift in inverse order of seniority. Such change in schedule shall not be permitted to interfere with previously scheduled vacation time unless the affected officer agrees.

No transfer or reassignment shall be punitive in nature or be done as an administrative favor. The affected officer shall have no right to grieve such a transfer or reassignment unless there is no other plausible explanation for the transfer or reassignment other than the transfer or reassignment was made as punishment of the affected officer or as an administrative favor to another, less senior officer.

ARTICLE 12 TERMINATION OF SENIORITY AND EMPLOYMENT

Seniority and the employment relationship shall be terminated when an Employee:

- (a) quits;
- (b) retires or is retired;
- (c) is discharged for just cause;
- (d) fails to report, without prior notice, for work for two (2) consecutive working days except for circumstances completely out of his control;

- (e) is laid off without pay and fails to make written application to be reinstated to his or her position within thirty (30) days after notification, all pursuant to 65 ILCS 5/10-2.1-18, as amended from time to time.
- (f) does not report to work immediately following termination of a scheduled vacation or conclusion of sick leave except for circumstances beyond his control;
- (g) does not report for work after a leave of absence within the time requirements set forth in 65 ILCS 5/10-2.1-24.
- (h) is permanently disabled; for purposes of this provision, a person shall be considered permanently disabled when he or she is injured or becomes ill other than in the performance of his or her duties as a police officer and because of such injury or illness is unable to perform his or her duties for a period of twelve (12) months.
- (i) is laid off without pay for a period in excess of thirteen (13) months; however, recall rights would continue as provided in Article 13 of this Agreement;
- (j) accepts employment elsewhere except on the express written consent of the Chief. Such consent shall not be unreasonably withheld. It is understood that employees on layoff status may seek interim employment elsewhere and written consent of the Chief is hereby conferred.

ARTICLE 13 REDUCTION IN THE WORK FORCE

When the force of the police department is reduced and positions are displaced or abolished, seniority shall prevail and the officers so removed from the service of the police department shall be considered laid off without pay from the position from which they were removed.

If an officer is laid off for less than 13 months, and if such position is reinstated, he shall be entitled to the notice of reinstatement and prior right to such position if otherwise qualified as provided in 65 ILCS 5/10-2.1-18 of the Illinois Compiled Statutes. Under no circumstances is the above language intended to prevent reorganization of the City Police Department for a legitimate reason.

ARTICLE 14 CHEMICAL ABUSE POLICY

- (1) An employee will be permitted to take an unpaid leave of absence for the purpose of undergoing treatment pursuant to an approved alcohol or drug use clinic or facility. The leave of absence must be requested prior to the commission of any act subject to disciplinary action.
- (2) Any leave of absence pursuant to paragraph (1) above shall be on a one-time basis and shall be for a maximum of sixty (60) days, but same may be extended for an additional thirty (30) days by mutual agreement for good cause shown. Accumulated sick and vacation time may be used on said leave. While on such leave, the employee shall not accrue any of the benefits provided by this Agreement or any Letter of Understanding attached hereto.

- (3) An employee requesting to return to work from a leave of absence for drug and/or alcohol use shall be required to present evidence of successful completion of treatment or a rehabilitation program at or sponsored by a recognized hospital, clinic, facility or agency.
- (4) Upon written evidence of successful completion of treatment of the rehabilitation program and passing the alcohol and/or drug test, the employee's leave will be terminated and the employee will return to active status in the same manner as other employees returning from leaves of absences. Any employee returning to active status after drug treatment or rehabilitation shall be subject to random testing by the City for a period of two (2) years.
- (5) The Employer shall have the right to request an employee to submit to chemical and/or alcohol testing if a reasonable basis for such request exists. Random testing shall not be used to gain a reasonable basis for such request.
- (6) In conducting the testing authorized by this Agreement, the Employer shall:
 - (a) use only a clinical laboratory or hospital facility that is licensed pursuant to the Illinois Clinical Laboratory Act that has or is capable of being accredited by the U.S. Department of Health and Human Services.
 - (b) have in place a chain of custody procedure for both sample collection and testing that will ensure the integrity of the identity of each sample and test result.
 - (c) collect a sufficient sample of the same bodily fluid or material from an Officer to allow for initial screening, a confirmatory test, and a sufficient amount to set aside and to reserve for later testing, if requested by the Officer within 72 hours of receiving the results of the initial test.
 - (d) collect samples in such a manner as to insure a high degree of security for the sample and its freedom from adulteration.
 - (e) confirm any sample that tests positive in the initial screening for drugs by testing the second portion of the same sample by Gas Chromatography Mass Spectrometry (GCMS) or an equivalent or better scientifically accurate and accepted method that provides quantitative data about the detected drug or drug metabolites.
 - (f) provide the Officer tested with an opportunity to have the additional sample tested by a clinical laboratory or hospital facility of the Officer's own choosing, at the Officer's own expense; provided the Officer notifies the Employer within seventy-two (72) hours of receiving the results of the initial test, which laboratory or hospital shall have the same qualifications as set forth in subparagraph (a) of this paragraph 6.
 - (g) the Employer shall provide each Officer tested with a copy of all information and reports received by the Employer in connection with the testing and the result.

For purposes of this policy and agreement, a test for the presence of drugs shall be deemed positive where the concentration of an illegal or non-prescribed drug found in the sample is at or above the levels established by federal or state regulation on drug testing, or with respect to illegal, designer drugs, is found to be present.

For the purpose of determining whether the officer is under the influence of alcohol, test results showing an alcohol concentration of .02 or more based upon the grams of alcohol per 100 milliliters of blood, shall be deemed positive and demonstrate the employee to be under the influence of alcohol;

- (7) If the initial and the confirmatory test prove positive, the employee shall be subject to disciplinary action, which may include discharge. Any matter of discipline arising hereunder currently subject to Police Commission rules shall remain subject to same.
- (8) Any officer whose said tests prove positive may, within forty-eight (48) hours of learning of said results, request an unpaid leave of absence, which request shall be submitted to the Police Chief and which shall not unreasonably be denied. The granting of unpaid leave of absence shall not limit in any way the Police Commission or the chief dispensing disciplinary action against the officer, including a possible suspension or discharge.
- (8) All costs of testing pursuant to this Chemical Abuse Policy, except the additional sample test pursuant to subparagraph (f), shall be borne by the City.

ARTICLE 15 LEAVES OF ABSENCES

Section 1. Sick Leave

Paid Sick Leave shall be credited to all employees covered by this Agreement, as follows: on the date of initial employment, employee will be credited with twelve (12) sick leave days; and beginning with the end of the thirteenth month of employment, employee shall be credited with one sick leave day per month. Sick leave days may be accumulated and accrued to a maximum of 120 days.

Use of sick leave shall be allowed only in the case of necessity and actual sickness or disability of the employee, or because of illness, birth, or death in his immediate family, or to meet dental appointments, eye appointments, or doctor's appointments. The City agrees to allow officer's use of sick leave without loss of pay for up to three consecutive calendar days, including the day of the funeral, as a result of death in the immediate family, provided the officer attends the funeral; an additional three consecutive days use of sick leave may be granted by the Chief of Police for such use upon a showing of demonstrated need, unless there are legitimate operational needs justifying denial of request. There will be no pay for an unscheduled day. Immediate family shall be defined as the officer's mother, father, wife, husband, grandparent, child (including step or adopted), sister or brother (including half or step), and grandchild, mother-in-law and father-in-law.

To receive compensation while absent on sick leave the employee shall notify his immediate supervisor prior to or as soon as possible after the time set forth for the beginning of his daily duties, or as may be specified by the Chief of Police.

The Chief of Police may require verification for any absence, including, but not limited to sick leave. Verification shall be considered to have been provided by submitting a physician's written statement. Claiming sick leave under false pretense may be cause for disciplinary action. Employees may use available vacation time or compensatory time in lieu of sick leave, provided

that all earned sick leave has first been exhausted. The use of vacation time or compensatory time for sick leave purposes must first be approved by the Chief of Police, which shall not be unreasonably denied.

Section 2. Sick Leave Buy-Back

Upon request, employees may be paid for all unused sick leave earned as of the end of each November, provided the employee has accumulated a minimum of four hundred (400) hours of earned sick leave to be carried over and saved. Sick leave buy-back shall be paid in a separate check.

Upon termination, employees shall be paid for all unused sick leave, computed at the rate of one (1) day of sick leave for each full month of employment. Conversely, terminated employees in arrears (deficit sick leave) shall reimburse the City at same rate as earned, e.g. eight days used - six days earned = reimburse the City for two days. Notwithstanding the above, no active employee shall be paid for more than ninety-six (96) hours in any calendar year.

ARTICLE 16 HOURS AND OVERTIME

For purposes of this Article, regular hours of work shall be defined as forty (40) hours per work week. For purposes of determining overtime eligibility, hours worked shall be defined as hours actually worked, vacation leave, and compensatory time taken off. Sick leave, holidays, and other paid or unpaid leave shall not be considered hours worked. Hours worked in excess of forty (40) in any work week shall be considered overtime and will be compensated at the rate of time and one-half (1^{1/2}) the employee's regular hourly rate of pay. All mandatory overtime shall be compensated at the time and one-half (1^{1/2}) rate.

Compensation for overtime shall be either in pay or compensatory time off, whichever the employee elects up to the maximum accrual of one hundred sixty (160) hours. After accumulating one hundred sixty (160) hours of compensatory time, compensation for overtime shall be in pay.

Compensation shall not be paid (nor shall compensatory time be taken) more than once for the same hours under any provision of this Agreement.

Filling in for a shift, working high school sporting events, working traffic details, and securing a crime scene for more than twenty-four hours shall first be offered to officers covered by this agreement. However, nothing in this Agreement shall be construed as a guarantee of hours of work.

ARTICLE 17 ACCUMULATION AND USE OF COMPENSATORY TIME

Employees covered by this Agreement shall be allowed to accumulate no more than one hundred sixty (160) hours of compensatory time. Compensatory time off shall be granted at such times and in such time blocks as are mutually agreed upon between the involved officer and the Chief of Police. Permission to utilize compensatory time off shall not be unreasonably denied by the Chief of Police if operations will not be adversely affected.

An officer may not accumulate compensatory time if the City is being reimbursed for the officer's service. An officer may not accumulate compensatory time if he/she is filling an overtime shift for someone who is off on compensatory time. An officer may not accumulate compensatory time if he/she is filling an overtime shift for someone who is off on a personal day. In the event that an officer is ordered in to work, the officer may choose to take the time worked as compensatory time or pay, regardless of the type of time taken off to cause the order in.

An officer may not use more than one hundred sixty (160) hours of compensatory time during a fiscal year.

ARTICLE 18 HOLIDAYS

New Year's Day, Easter, Memorial Day, Juneteenth (effective 2024), Independence Day, Labor Day, Thanksgiving Day, Christmas Eve Day, Christmas Day, Washington's Birthday, and Martin Luther King, Jr. Day shall be designated as legal holidays.

Employees who work a legal holiday shall receive eight (8) hours regular pay for the holiday plus double time pay or compensatory time off for the first eight (8) hours worked on the holiday. Time worked in excess of eight (8) hours on a holiday shall be compensated at two and one-half (2 1/2) times the regular hourly rate. Employees who are not scheduled to work a legal holiday, but who are called in to work such holiday shall receive pay or compensatory time off at the rate of two and one-half (2 1/2) times their regular hourly rate for all time worked on the holiday. Employees who are scheduled to work, but who use a sick leave day on the holiday, shall not be eligible for the eight (8) hours regular pay at straight-time for the holiday.

When a legal holiday falls on an officer's designated day off, the officer shall receive eight (8) hours regular pay at straight-time for the holiday.

In order to qualify for holiday pay, the employee must work the full scheduled shift on his or her last scheduled day before and the first scheduled day after the holiday. An officer on approved time off for vacation, City mandated training or compensatory time on either of the above-referenced shifts shall not be in violation of this provision.

ARTICLE 19 VACATION LEAVE

Section 1. Vacation Leave Accrual Rates

Full time officers shall earn and accrue annual paid vacation leave in accordance with the following schedule:

APPENDIX F PHYSICAL FITNESS INCENTIVE

1 Standards and Bonus

Once each contract year in the pay period following the fitness test, each employee who has met or exceeded all the age adjusted minimal standards by successful completion of the Cooper Physical Fitness Test that term will receive a bonus of three hundred fifty dollars (\$350). The physical fitness test will be conducted twice in a calendar year. Participation in the testing procedure is voluntary and unpaid. An employee may attempt to achieve a passing score twice during a calendar year; however, an employee may only receive the three hundred fifty (\$350) bonus pay one (1) time during a calendar year. Employees will be required to sign a release of liability satisfactory to the employer prior to participation. Only employees who have completed one (1) full year of employment are eligible to participate.

2 Administration of Testing

Physical fitness testing will be administered at those times agreed to by the Chief of Police, or his/her designee, and the Union, and in absence of an agreement the tests will be held during the months of April and October over the duration of the contract. Those employees successfully completing the physical fitness test will be issued a separate bonus check in the pay period following the test. The Chief of Police, or his/her designee, shall post a signup sheet no later than fourteen (14) days prior to the test.

3 Testing Options

4 Non-discrimination Clause

No Officer shall be punished, or in any way disciplined, for either not participating in the testing or failing to meet the required standards during testing.
